

Pegasus: Globus Box Connector Quick Guide

Our GW HPC Pegasus Globus instance allows users to be able to utilize Box as an endpoint to transfer files. Below are instructions for setting up for the first time. Once completed you will be able to view your personal Box account as well as use Globus to ingress/egress files to/from your Box account.

Step 1:

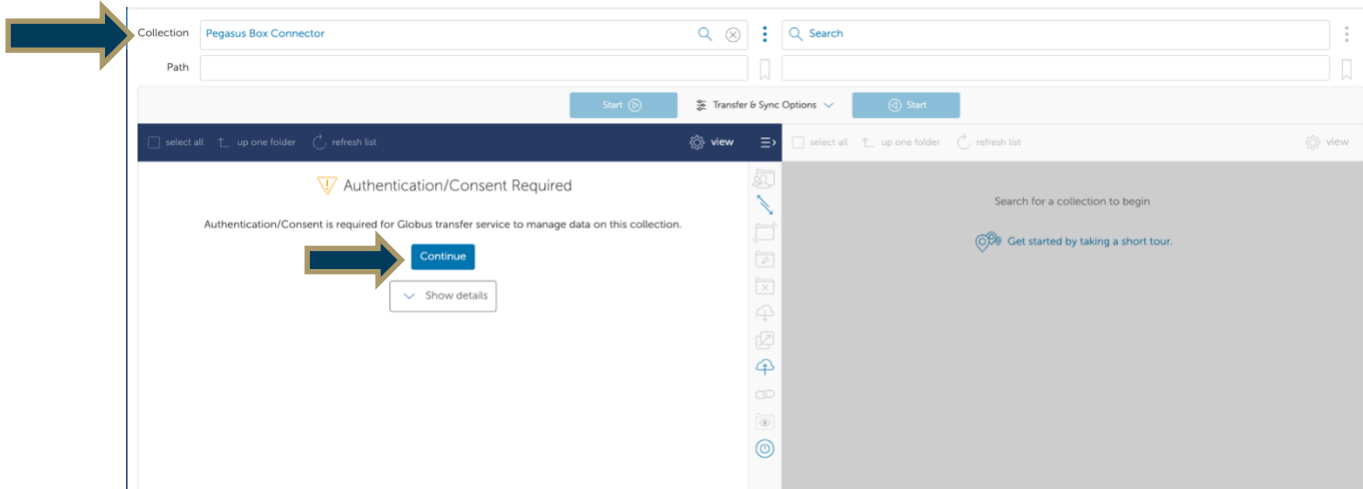

Log into Globus and click on the file manager

GW HIGH PERFORMANCE COMPUTING

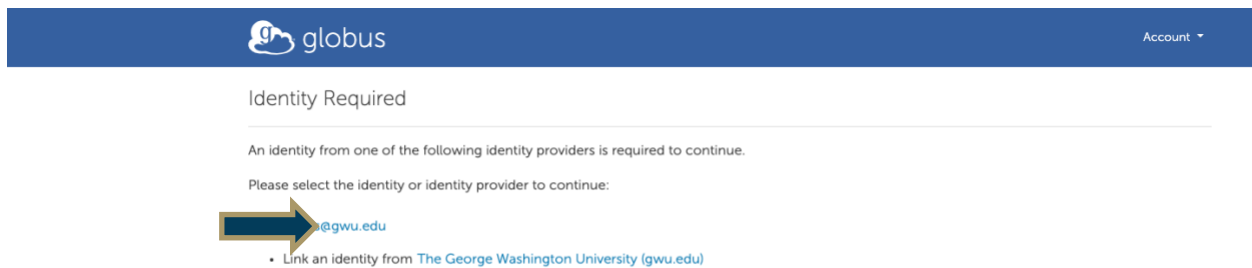

Step 2:

Search for "Pegasus Box Connector" in the collection field. Then to access it for the 1st time you will have to click the 'continue' to accept consent for Globus service to access your Box account.

Step 3:

Continue to accept your identity as shown (your_NetID@gwu.edu) and login with you GW EAD (email) credentials

Please do not bookmark this page!
The new single sign-on system works by authenticating your GW NetID and password and then redirecting you back to the system to which you are logging in. If you bookmark this page, the system will not receive all needed information and will display an error when you try to log in.

Additionally, to protect your personal information, please close all open browser windows and tabs when you log out. For Mac, please quit the browser application.

GW students, faculty, staff and alumni can access this service by using their GW NetIDs (the part of the e-mail address that precedes @gwu.edu) and corresponding passwords. If you are a member of the GW community and do not have a NetID, you can get one by following the instructions on the IT Support Center website.

For further assistance accessing this service, please contact the IT Support Center at 202-994-6244 (toll-free) or IT@GWU.EDU. The IT Support Center is available Monday - Friday, 7:30am - 10:00pm.

Reminder: GW will never ask for your password via e-mail.

We have upgraded. Please Check Here for more information.

Step 4:

Allow for the Globus Web app to access your Box account as shown on that page.

globus Account

Globus Web App would like to:

- Manage your data on Pegasus Box Connector
- Manage data using Globus Transfer
- Manage collections on GW Pegasus GC5v5.4 Endpoint

To work, the above will need to:

- Manage your data on Pegasus Box Connector
- Manage your data on Pegasus Box Connector
- View your identity
- View identity details
- View your email address
- View Groups and Memberships
- Manage data using Globus Transfer
- Manage your Globus Groups
- Manage your data on Pegasus Box Connector
- View the identities in your Globus account

By clicking "Allow", you allow **Globus Web App**, in accordance with its [terms of service](#) and [privacy policy](#), to use the above listed information and services. You can rescind this and other consents at any time.
